Hey Tri Foxes,

Does it get any better than this?
A World Class Athlete and the World
Champion Green Bay Packers!!!

SUZY FAVOR HAMILTON will be the speaker at our

**Feb 20th meeting at LAMBEAU FIELD
from 2-4pm!!!**

The Tri Foxes will gather in the Bart Starr room from 2-4pm AND we'll have access to a private skybox where we can view the field!

As we did a few years ago, we'll get a club photo in the stadium, too!

We have room for about 150 Tri Foxes so please get there early and claim your spot.

We'll have our new running shirts and winter caps at the meeting and a recap of the Tri Fox polar plunge!

(I have to add a comment...after speaking to Suzy a few times to get things in order for the meeting, I am enthralled by her personality, enthusiasm, and energy. She "gets" who we are as triathletes and I can't wait to hear her story....I just know we will be inspired.)

**BRING YOUR RUNNING GEARSUZY and the TRI FOXES will run outside around Lambeau Field after the meeting...Suzy said "this will be the most fun you've ever had on a run!"....She can't wait!!
Hey Tri Foxes, we're running with an Olympian...wear your colors (and that can be Tri Fox yellow or Packer green and gold)!!!**

**SCHEDULE for Meeting at Lambeau Field on Feb. 20:
Get to Lambeau by 1:30pm.**

Go to the 4th floor of the atrium where we will have a meet and greet with Suzy in a SKYBOX from 1:30-2pm.

At exactly 2:00pm we will be escorted outside into the stadium bowl where we will gather for a club photo (wear your TRI FOX gear).

Then we will run back into the BART STARR room for our wonderful afternoon event...meeting and speech from 2-4pm.

**At 4pm: RUN WITH SUZY outside at Lambeau!!!
plan to stay with friends afterwards for dinner at Curly's Pub!**

About Suzy:

**U.S. Olympian - 3
U.S. National Championships - 7
Former U.S. Record Holder at 1000m
Former U.S. Indoor Record Holder at 800m
Goodwill Games Bronze Medalist, '98**

Suzy's story focuses not on the predictable, "look how great I am" aspects we hear so often from professional athletes, but on the greatest disappointment of her storied athletic career. The story picks up at the 2000 Sydney Olympics where, leading the entire race and coming in as the favorite to win gold, 100 meters from the finish, Suzy realizes her dream is not going to be. Instead of facing the fact that she will have to finish without a medal, she consciously chooses to fall before the finish. It's an easy escape from the pain. In a nutshell, Suzy succumbs to the overwhelming pressure to succeed for her family (who were dealing with the recent suicide of Suzy's brother), her sponsors, and her country.

The next several years of Suzy's career saw tremendous success on the track, but she was always haunted by the experience in Sydney, to the point where she became deeply depressed. Running was her drug and the only way to experience some form of normalcy in her life. In 2005, forced to retire from competition due to the many injuries which had taken their toll, Suzy found herself at her darkest point and realized she had to get help. Suzy's message poignantly describes her journey out of the darkness and the important lessons she learned along the way. It goes beyond the public image to better understand the more human side as well as the stress and challenges of her success. The story has universal appeal to anyone who has ever struggled to find a balance between the expectation of others and the qualities of a life worth living. The final message is one of passion, hope and happiness.
